Note: Answer all the questions.

Reading Comprehension (25 Marks)

Q1) Read this text carefully.

People often collect things like stamps, books and records. They are common. But the strangest collection is that a man who collected 1500 clocks in his house. When you enter his house you find clocks in every room of his house. The living - room is surrounded by shelves which were filled with clocks. Because there is not space for so many clocks, the man filled several bags with clocks and stored them in the garage. His wife suffers everyday from the work she has to do, for it is not easy to dust several hundred clocks. She also complains about the noise. Each clock keeps its own time, so the alarm sounds can be heard almost anytime during the day and the night. She thinks there is something worse than dust and noise, she never knows what time it is!

A) Answer (Five) of the following questions:

1. What's the living - room surrounded by?
2. Why does the wife suffer everyday from the work?
3. What's the hobby of the man?
4. Does the wife always know what time it is?
5. How many clocks did the man collect?
6. What things do people often collect?
